- #SP-Fowl-1-S sideplate, wax cast silver **only \$14.99**

#SP-Fowl-1-B, I or S

We hate price increases, so we try to avoid them!

We change prices *only* when a manufacturer announces a price increase or decrease. Commodity costs of metals, such as copper, which is used to produce brass are very volatile. Prices can rise very unpredictably. We increase prices reluctantly, because customers dislike price increases. Prices Are Subject To Change Without Notice. Visit our **live** web site to see current prices.
