

Buttplate, wax cast brass or steel.....#BP-Sch-50-B or I

Our "George C. Schoyen" buttplate, is named in honor of Denver's extraordinary rifle maker. See *Gun Digest, 1971*. The smooth curve is easy to install. Lighter than some Schuetzen buttplates, easily deburred since the sprue enters on a hidden inside surface.

Also called our "plain curved" Schuetzen buttplate. Very elegant yet very easily fitted to your buttstock. Wax cast iron or brass.

#BP-Sch-50-B buttplate, wax cast brass **only \$34.99**
#BP-Sch-50-I buttplate, wax cast steel **only \$24.99**

#BP-Sch-50-B or I

Buttplate, sand cast brass.....#BP-MA-2-B
 Sand cast, in brass only, this medium size buttplate weighs almost two (2) pounds, and is ideal for a light bench or heavy offhand rifle. Flat inside surfaces and a square corner allow you to easily install this buttplate using only straight flat saw cuts.
