

A beautiful 1866 Winchester, by Aldo Uberti, fitted with our **Winchester 1866 Loading Gate**. Not a show piece, it shoots! Engraved by *Michael Hayes*.

#Win-66-Gate-A
loading gate, antiqued **\$16.99**

Winchester 1866 Loading Gate:

The replica 1866 Winchester, by Aldo Uberti, is a nice rifle, correct except for their simplified loading gate. Our correct loading gate is spring steel, a near perfect match to the original 1866. Heat treated for strength, tempered for durability, the deeper bullet contoured radius allows much faster reloading.

It fits rifles in caliber .357, .38-40, .44-40, and .45 Colt. Simple drop-in installation. Select antiqued, blued, or bright steel. It looks right and makes your 1866 work right too! Order gates with small holes for guns with numeric serial numbers, and large holes for guns with "W" serial numbers:

- #Win-66-Gate-A** loading gate, small hole, antiqued **only \$16.99**
- #Win-66-Gate-A-L** loading gate, large hole, antiqued **only \$16.99**
