America's longrifle makers:

Early American Underhammer Firearms ................ #Book-EAUF
A Collector's Guide to the Pistols and Longarms 1826 -1840
by Nicholas Chandler
Finally, a detailed study of the very earliest American percussion firearms. Built in New England, these clever weapons with just four moving parts played a key role in taming the western frontier. Includes 191 pages of colored images of original underhammer firearms from makers such as Ruggles, Gibbs-Tiffany, H.J Hale, Andrus & Osborn, Hale & Tuller, Jenison, Andrews Ferrey & Co., Case Willard and more. Hard bound, 191 pages, fully illustrated with color photos
#Book-EAUF  Early American Underhammer only $53.99

U.S. Military Flintlock Muskets, and Their Bayonets
the Early Years, 1790-1815 ...............................#Book-USMFM
by Peter A. Schmidt
A comprehensive, illustrated study of Federal flintlock muskets & bayonets. Learn the correct, and incorrect, configurations for these historical longarms. Study the markings and inspection stamps that separate rare muskets from run-of-the-mill examples. Includes the most in-depth explanation of the Federal System of manufacture ever to appear in print, including fascinating details about the inner workings of the Springfield Armory and never-before published histories of the many contractors who made these guns, based upon decades of research at the National Archives. Large 8-3/4" x 11-1/4" format. Deluxe hard cover, 432 pages, with black & white photos.
#Book-USMFM  U.S. Military Flintlock Muskets only $62.99
