

Early American Military Arms

Of Sorts for Provincials..... #Book-OSFP
American Weapons of the French and Indian War
by Jim Mullins
 This book boldly displays the firearms, swords, and accouterments of the American provincial soldiers during the French and Indian War, 1754 – 1763. Important early antique guns from the Colonial Williamsburg Foundation, the Jim Mullins collection, the Wallace Gusler collection, and many private collections are shown in the beautiful photographs by Ryan Gale. Soft bound 8-1/2" x 11" format of 185 pages. Full color photos of antique arms up to 22" in landscape format.

The Springfield Armory, 1795 - 1859..... #Book-SA
by Daniel D. Hartzler and James B. Whisker

Study the best work of the early Springfield Armory in this new volume filled with the best photography of Dr. Whisker. Rarely seen arms include near new specimens of U. S. Model 1795 muskets through the U. S. Model 1859 rifled musket. Many rare Springfield pistols, carbines, muskets and experiments are shown. A few items may be unique. Hard bound, with 240 pages, in 8-1/2 x 11" format.
#Book-SA The Springfield Armory, 1795 - 1859 only \$45.00

The Southern Arsenal, Harper's Ferry #Book-TSA
by Daniel D. Hartzler & James B. Whisker

Filled with detail photos of Harper's Ferry rifles, pistols, and muskets. It describes Harper's Ferry Arsenal from humble beginnings until it exploded. Shows variations of early military arms, especially the famous U. S. Model 1803 rifle. Many fine 1795 muskets, 1814 rifles, 1816 muskets, and 1855 rifled muskets are shown.
#Book-TSA The Southern Arsenal only \$45.00

The Eagle on U.S. Firearms #Book-EUSF
by John W. Jordan

Stylized eagles have been stamped on government owned or manufactured firearms in the United States since the beginning of our country. It seems that little or no attempt was made to standardize the design of the eagle, hence many different birds appear on the muskets, rifles, and pistols made by government arsenals or private contractors. This book lists and illustrates the various eagles in an informative manner. Most of the national armory examples are represented, as well as early contract arms, particularly limited production. Soft cover, 8-1/2 x 11", 140 pages, over 200 illustrations.
#Book-EUSF The Eagle on U. S. Firearms only \$15.99
