The Fusil de Tulle in New France

Track's smooth bore 44" octagon-to-round barrels by Colerain:
Our fancy 44" smooth bore barrel is ideal for a long flint fowling gun, trade gun, Officer's fusil, or musket. The 15" octagon breech tapers to a wedding band transition, tapered round, it flares slightly larger at the muzzle. The breech plug is factory fitted and match-marked.

- 16 gauge (.66 caliber), 20 gauge (.62 caliber), 24 gauge (.58 caliber) barrels have a 1.062" octagon breech, .780" round waist, .843" muzzle.
- .50 caliber 44" rifled barrel only $199.00
- .54 caliber 44" rifled barrel only $225.00
- .58 caliber 44" rifled barrel only $225.00

Track's fancy 44" rifled octagon-to-round barrels by Colerain:
Identical outside dimensions to our 44" smooth bored barrel, these fancy 44" rifled barrels fit our precision inlet stocks.
Our C" profile rifle barrel has a 1.062" octagon breech, .780" round waist, .843" round muzzle, to match our 20 or 24 gauge 44" barrel.

- .50 caliber 44" rifled barrel only $225.00
- .54 caliber 44" rifled barrel only $225.00
- .58 caliber 44" rifled barrel only $225.00

Stocks for Track's fine fusil-de-chasse, 44" barrel:
Tulle fusil fin and fusil de chasse stock, pre-inlet for 44" barrel:
Pre-inlet on Allen's patent 5 axis pantograph, this stock is shaped forward of the lock panels, squared to the muzzle. The forend is easily shaped after drilling for pins. Pre-inlet for the 44" barrel, flint lock, buttplate, and trigger, this stock is correctly drilled full depth for a 3/8" ramrod.
Unlike our standard Tulle fusil-de-chasse pattern, this stock is cut for Colerain's fancy 44" barrel. We offer this extra long barrel in 16, 20, 24 or 28 gauge smooth bore, 20 gauge Turkey choked, or .50, .54, .58 caliber cut rifled.
We do offer figured wood, but serious gun makers, re-enactors, and collectors have correctly observed that military arms and trade guns were stocked in wood selected for strength, never in brittle or fancy wood.

- 16 gauge, 44" smooth bore, .660" only $199.00
- 20 gauge, 44" smooth bore, .620" only $199.00
- 20 gauge, 44" smooth bore, .580" only $199.00
- 20 gauge, 44" smooth bore, .540" only $199.00
- 20 gauge, 44" smooth, turkey choked only $225.00

Does my stock ship as 21 pounds?
Due to the length and girth of our long stocks, FedEx and UPS requires an oversize parcel fee, and 30 lb minimum, despite the actual weight. You can add lead balls, ramrods, or other items, with no additional shipping cost, up to 30 lb total weight. Use our web site shopping cart to display shipping cost when you enter your address. Then add items, and recheck shipping cost.
