L&R’s Bedford County percussion lock .......... #Lock-LR-Bed-P
Made in right hand only, this lock exactly matches our Bedford County flint lock. If making interchangeable ignition, we recommend fitting the percussion lock first, as the drum must be supported by the plate, when the hammer falls. Order #Drum-7-5-FL and #RST-S stainless 1/4-28 nipple. Copied from an original, this lock fits the original Bedford County longrifle’s lock mortise!
