Brass, Nickel Silver, or Steel 4 x 8" sheets:

Select brass, steel, or nickel silver 4 x 8" sheets, to make inlays, toeplates, patchboxes, or rod pipes. Low carbon steel is very malleable, not hard spring steel. Nominal thicknesses:

- #Sheet-016-B** brass, .016" thickness, 4 x 8" \$ 3.99
- #Sheet-025-B** brass, .025" thickness, 4 x 8" \$ 5.29
- #Sheet-032-B** brass, .032" thickness, 4 x 8" \$ 5.99
- #Sheet-040-B** brass, .040" thickness, 4 x 8" \$ 8.49
- #Sheet-050-B** brass, .050" thickness, 4 x 8" \$ 9.49
- #Sheet-062-B** brass, .062" thickness, 4 x 8" \$11.99
- #Sheet-080-B** brass, .080" thickness, 4 x 8" \$14.99
- #Sheet-125-B** brass, .125" thickness, 4 x 8" \$23.99
- #Sheet-016-S** nickel, .016" thickness, 4 x 8" \$ 5.99
- #Sheet-025-S** nickel, .025" thickness, 4 x 8" \$10.29
- #Sheet-032-S** nickel, .032" thickness, 4 x 8" \$12.99
- #Sheet-040-S** nickel, .040" thickness, 4 x 8" \$16.59
- #Sheet-050-S** nickel, .050" thickness, 4 x 8" \$20.49
- #Sheet-062-S** nickel, .062" thickness, 4 x 8" \$25.59
- #Sheet-080-S** nickel, .080" thickness, 4 x 8" \$31.99
- #Sheet-125-S** nickel, .125" thickness, 4 x 8" \$45.99
- #Sheet-016-I** steel, .016" thickness, 4 x 8" \$ 1.59
- #Sheet-025-I** steel, .025" thickness, 4 x 8" \$ 1.99
- #Sheet-032-I** steel, .032" thickness, 4 x 8" \$ 2.99
- #Sheet-040-I** steel, .040" thickness, 4 x 8" \$ 3.50
- #Sheet-050-I** steel, .050" thickness, 4 x 8" \$ 3.99
- #Sheet-070-I** steel, .062" thickness, 4 x 8" \$ 5.49

The Jeweler's Saw#Book-JS
A Guide to the Tools & Techniques of Cutting Sheet Metal Inlays
by Alan Gutches

This essential booklet will teach the basic techniques of creating sheet metal inlays, with a jeweler's saw. Skilled use of this tool provides the ability to quickly and easily produce a variety of decorative and functional inlays, for muzzleloading arms.

You can work with old patterns, and materials not commercially available, with the freedom to pursue historically correct designs, or your own artistic designs. Soft bound, 5 x 8-1/2" format, 24 pages.
#Book-JS *Techniques with a Jeweler's Saw* **only \$7.99**

Beeswax, lubricant for Jeweler's saw blades#Beeswax
Lubricant for Jeweler's saw blades. One ounce stick, pure beeswax.
#Beeswax beeswax stick for lubricating **only \$4.50**

#Jeweler-Saw
Jeweler's deep frame saw,
with 5" throat
only \$24.99

Jeweler's Deep Frame Saw#Jeweler-Saw

Premium quality hardened steel frame, serrated clamps hold flat, piercing, and spiral saw blades firmly. The adjustable frame draws the blade tight, to permit re-using broken blades. Large thumbscrews allow easy blade changes. Contoured hardwood handle. Imported.
#Jeweler-Saw Jeweler's saw, deep 5" throat **only \$24.99**

Piercing Saw Blades#Blade-SP-(number)

Hardened and tempered steel piercing saw blades, uniform in size, shape, and sharpness, to assure fast, easy cutting. Saw silver, brass, copper, or steel. Rounded backs make it easy to turn corners and follow curves. Packs of a dozen, 5-1/4" length. Imported from Germany.

Part No.	Thickness	Width	Teeth per inch	Drill Size	Price
#Blade-SP-00	.013"	.020"	64	75	\$4.99
#Blade-SP-0	.013"	.020"	56	73	\$4.99
#Blade-SP-1	.014"	.022"	56	71	\$4.99
#Blade-SP-4	.018"	.030"	45	67	\$4.99
#Blade-SP-6	.020"	.033"	40	59	\$4.99
#Blade-SP-10	.026"	.049"	24	51	\$7.99

Flat Saw Blades#Blade-SF-(number)

Similar to hacksaw blades, used for straight cuts on rods, and tubing. Length is 5-1/4", sold in packs of a dozen. Imported from Germany.

Part No.	Thickness	Width	Size	Teeth per inch	Price
#Blade-SF-1	.0070"	.0290"	1	51 fine	\$4.99
#Blade-SF-6	.0080"	.0590"	6	33 medium	\$6.99
