**Plains Bullet Molds:**

- Tapered for easy loading, large deep grooves hold lubricant to keep fouling soft, for accuracy without leading, similar to Hornady bullet.
- #Lyman-508-656 Plains Bullet mold, .50 caliber, 395 grain, 1 cavity
- #Lyman-548-657 Plains Bullet mold, .54 caliber, 450 grain, 1 cavity
- #Lyman-(number) Plains Bullet mold, above only $65.99

**Maxi-Ball Bullets, designed by Thompson Center:**

- T/C designed the Maxi-Ball to shoot well in a 48" twist. Single cavity.
- #Lyman-454-616 Maxi-Ball mold, .45 caliber, 245 grain, only $65.99
- #Lyman-504-617 Maxi-Ball mold, .50 caliber, 370 grain, only $65.99

**Whitworth Bullets, for Parker Hale & Enfield Volunteer Rifles:**

- This .451" lubricated bullet fits the new .451 Enfield Volunteer rifle.
- #Lyman-451-114 Bullet mold, .451 Volunteer, 450 grain, 1 cavity.
- This .457" lubricated bullet fits Parker Hale’s Whitworth hex rifle.
- #Lyman-457-121-PH Bullet mold, .45 caliber, 475 grain, 1 cavity.
- #Lyman-(number) Enfield bullet mold blocks only $65.99

**Pistol Bullet Molds:**

- Pistol bullet molds, popular designs, double cavity, for revolvers and lever action rifles. Lyman mold handles are sold separately.
- #Lyman-311-252 pistol mold, .30 caliber, 75 gr. 2 cavity $65.99
- #Lyman-310-249 pistol mold, .32 caliber, 85 gr. 2 cavity $65.99
- #Lyman-358-477 pistol mold, .38 caliber, 150 gr. 2 cavity $65.99
- #Lyman-358-665 pistol mold, .38 caliber, 158 gr. 2 cavity $65.99
- #Lyman-358-429 pistol mold, .38 caliber, 170 gr. 2 cavity $65.99
- #Lyman-401-043 pistol mold, .40 caliber, 175 gr. 2 cavity $65.99
- #Lyman-401-654 pistol mold, .40 caliber, 150 gr. 2 cavity $65.99
- #Lyman-427-666 pistol mold, .44 caliber, 200 gr. 2 cavity $65.99
- #Lyman-427-098 pistol mold, .44 caliber, 205 gr. 2 cavity $65.99

**Minie bullet molds:**

- Hollow base Minie bullets lead easily, then expand to engage rifling. Accurate in slow twist rifling, the center of mass is forward, making the Minie inherently stable. Civil War muskets were accurate with Minie or round balls, in their slow twist barrels. Use our #Lube-SPG.
- #Lyman-542-622 Minie mold, .54 caliber, 425 grain, 1 cavity
- #Lyman-575-494 Minie mold, .58 caliber, 315 grain, 1 cavity
- #Lyman-575-213OS Minie mold, .58 caliber, 460 grain, 1 cavity
- #Lyman-575-213 Minie mold, .58 caliber, 510 grain, 1 cavity
- #Lyman-575-213PH Minie mold, .58 caliber, 565 grain, 1 cavity
- The above .575" hollow base fits Parker Hale & Enfield muskets.
- #Lyman-577-611 Minie mold, .58 caliber, 530 grain, 1 cavity
- The above .577" hollow base has a thick skirt for best accuracy.
- #Lyman-578-675 Minie mold, .58 caliber, 405 grain, 1 cavity
- The above .578" designed for the North-South Skirmish matches.
- #Lyman-685-069 Minie mold, .69 grain, 730 grain, 1 cavity
- The above .689" hollow base Minie fits .69 caliber U.S. muskets.
- #Lyman-(number) Minie mold blocks, above only $65.99

**Round ball molds:**

- We stock every ball diameter that Lyman makes, plus a few special sizes. We often have a few of the older Lyman ball and bullet styles. Visit our web site, to see one-of-a-kind discontinued sizes, often available used, not listed here.
- #Lyman-375-DC Ball mold, .375” ball, 2 cavity
- #Lyman-440-DC Ball mold, .440” ball, 2 cavity
- #Lyman-445-DC Ball mold, .445” ball, 2 cavity
- #Lyman-451-DC Ball mold, .451” ball, 2 cavity
- #Lyman-454-DC Ball mold, .454” large, 2 cavity
- #Lyman-457-DC Ball mold, .457” ball, 2 cavity
- #Lyman-490-DC Ball mold, .490” ball, 2 cavity
- #Lyman-495-DC Ball mold, .495” ball, 2 cavity
- #Lyman-500 Ball mold, .500” ball, 1 cavity
- #Lyman-530 Ball mold, .530” ball, 1 cavity
- #Lyman-535 Ball mold, .535” ball, 1 cavity
- #Lyman-570 Ball mold, .570” ball, 1 cavity
- #Lyman-600 Ball mold, .600” ball, 1 cavity
- #Lyman-610 Ball mold, .610” ball, 1 cavity
- #Lyman-662 Ball mold, .662” ball, 1 cavity
- #Lyman-678 Ball mold, .678” ball, 1 cavity
- #Lyman-690 Ball mold, .690” ball, 1 cavity
- #Lyman-715 Ball mold, .715” ball, 1 cavity
- #Lyman-735 Ball mold, .735” ball, 1 cavity
- #Lyman-(diameter) round ball mold blocks only $65.99

**Lyman Mold Blocks wear like Iron!**

These precision iron blocks are made in the U.S.A. and they are nice quality. The special free machining iron mold blocks hold heat, for even casting temperature.

Steel blocks never wear out, if properly stored. Today, Lyman blocks are made in large size only, with two cavities for small bullets, or one cavity for large bullets. Lyman mold handles sold separately.

---

**WARNING** Melting lead and casting lead objects will expose you and others in the area to lead, which is known to cause birth defects, other reproductive harm and cancer. See instructions on reducing exposure supplied with product.
