A beautiful 1866 Winchester, by Aldo Uberti, fitted with our Winchester 1866 Loading Gate. Not a show piece, it shoots! Engraved by Michael Hayes.

#Win-66-Gate-A loading gate, antiqued $16.99

Winchester 1866 Loading Gate:
The replica 1866 Winchester, by Aldo Uberti, is a nice rifle, correct except for their simplified loading gate. Our correct loading gate is spring steel, a near perfect match to the original 1866. Heat treated for strength, tempered for durability, the deeper bullet contoured radius allows much faster reloading. It fits rifles in caliber .357, .38-40, .44-40, and .45 Colt. Simple drop-in installation. Select antiqued, blued, or bright steel. The deeper bullet contoured radius allows much faster reloading. It fits rifles in caliber .357, .38-40, .44-40, and .45 Colt. Simple drop-in installation. Select antiqued, blued, or bright steel. It looks right and makes your 1866 work right too! Order gates with small holes for guns with numeric serial numbers, and large holes for guns with “W” serial numbers:
#Win-66-Gate-A loading gate, small hole, antiqued only $16.99
#Win-66-Gate-A-L loading gate, large hole, antiqued only $16.99
#Win-66-Gate-B loading gate, small hole, blued only $16.99
#Win-66-Gate-B-L loading gate, large hole, blued only $16.99
#Win-66-Gate-I loading gate, small hole, polished bright only $16.99
#Win-66-Gate-I-L loading gate, large hole, polished bright only $16.99

Speed Loaders for Hunting Rifles, a quick second shot:
Each tube has a cap on each end. Uncap, pour the measured charge, and ram your patched ball, lubed maxi or Minie bullet straight through, into your rifle’s muzzle. Sold in packs of three:
#Speed-MB-50-C .50 caliber, for patched ball or bullet only $5.99
#Speed-MB-54-C .54 caliber, for patched ball or bullet only $5.99

Lee Hardness Testing Kit ...................... #Lee-90924
No more wasted components shooting too soft or too hard lead. Cast and load with confidence knowing your alloy is up to the job. Quickly and precisely check hardness of your lead alloy. Exclusive conversion chart tells the maximum operating pressure of any alloy. Kit included calibrated hardened steel ball indenter. ‘V’ block cradle snaps into standard press ram. 20 power 4 lens optical measuring microscope.
#Lee-90924 lead hardness testing kit only $61.99

Speed Loaders for Shotguns, easy reloading in the field:
Two compartments for powder and shot, caps on both ends.
Our Magnum shotgun speed loader holds 3-3/4 drams (100 grains) of FFg black powder, 1-1/4 oz. of shot, for a 10 gauge gun. You don’t need a powder or shot measure, just fill our tubes. Too much? Shorten them to hold your charge. Pack of four tubes.
#Speed-SG-ML shotgun speed loaders, magnum load $7.49
